Subject: Proposition 65 Compliance Statement

Dear Valued Customer:

UC Components periodically evaluates its raw materials for the presence of substances regulated under California Proposition 65, otherwise known as the Safe Drinking Water and Toxic Enforcement Act of 1986.

Some of our products contain lead or nickel, and as a result, these products have been labeled in accordance with Proposition 65 requirements. All other products have been confirmed to be free of Proposition 65-listed substances identified in the Proposition 65 List published by the California Office of Environmental Health Hazard Assessment (OEHHA) on September 13, 2019.

We shall monitor all changes to California Proposition 65 List to ensure that our products continue to be compliant with all future requirements and amendments.

Respectfully,

Jeff Renggli, Vice President

UC Components, Inc.

P.O. Box 430, Morgan Hill, CA 95038
